

B & T RN LANDING NIPPLE

ASSEMBLY DESCRIPTION

The B & T RN Landing Nipples include a lower No-Go shoulder, which engages the No-Go of the B & T RN Lock. The internal profile includes a selective profile, a locking recess, and a polished bore. It is normally used as the lowest Landing Nipple in a compilation.

The B & T RN Landing Nipple can either have Pin X Pin connections, or Box X Pin connections, based upon customer requirements. Standard and premium connections are also available.

B & T has RN Landing Nipples in 4140 L80 and 9 Chrome materials in stock, however other materials are available upon request.

B & T can customize its RN Landing Nipple to fit to any customer specified seal bore or Plug customization.
